Dear CSCCa Coaches,

In accordance with our mission statement and staying true to our mission of promoting education, unity, and respect, we would like to provide you with the health and safety precautions we are implementing at our upcoming national conference.

Education of our coaches being a top priority of the organization, we understand that access to continuing education opportunities is of utmost importance. We will be providing an in-person option for those able to safely attend the national conference in Fort Worth, Texas, May 5<sup>th</sup> -7<sup>th</sup>. For those unable to travel or who are uncomfortable traveling at this time, we will be providing a virtual conference option that will become available after the national conference concludes. The date this option will become available has not been determined, but we will keep you updated.

Unity is what keeps us joined as a whole and allows us to provide a home for collegiate and professional strength and conditioning coaches. We are united in taking steps above and beyond the CDC guidelines to provide a safe environment at the national conference.

As you may be aware, an executive order has been issued by the Governor of Texas regarding the full re-opening of the State and its easing of restrictions. The State is relying upon cities and local towns, as well as businesses, to dictate their own safety protocols. After much deliberation between the CSCCa and the Omni Fort Worth, Sheraton Fort Worth, Fort Worth Convention Center, and Fort Worth Visitors Bureau, we have been reassured that despite the governor's order, all hosting venue sites will follow CSCCa requirements for implementing high standards of health and safety.

The safety of our membership, affiliated sponsors, vendors, and associates continues to be among our highest priorities. As such, our requirements for mitigating the spread of Covid at the CSCCa National Conference will look very similar to the responses many of your institutions have taken to create a safe environment for everyone.

Following [CDC guidelines](#), when visiting any CSCCa sponsored event, all attendees, vendors, and visitors are required to:

- Practice safe social distancing with a minimum of 6 feet of separation
- Wear a face covering at all times
- Practice healthy hygiene by washing hands frequently with soap and water and utilizing hand sanitizer stations
- Monitor their own health and follow CDC guidelines and [CSCCa Best Practices](#)

These practices are consistent with CDC guidelines and are expected to be followed by attendees and participants throughout the duration of the CSCCa 2021 National Conference.

The CSCCa has the utmost respect for each of our members and admires all the hard work and dedication each of you put in to being the best strength and conditioning coach you can be. We understand many of you have been deeply impacted from Covid. We honor and respect your decision to participate in whatever capacity you are most comfortable with during these challenging times.

Thank you all for understanding the health and safety measures we are taking to provide a safe environment at the 2021 CSCCa National Conference for everyone. By following these mandates together, I am confident that we will be able to provide a safe environment, and I am incredibly proud and grateful to have you as a member of our organization.

Sincerely,

A handwritten signature in cursive script that reads "Scott Bennett". The signature is written in black ink and has a long, sweeping underline.

Scott Bennett  
Chief Executive Officer
